

IFNE + GLEN Pre-Congress

ISPN Course

VENTRICULAR & PORT- Brain Surgery Module

How I do it: tips & tricks

Monday, May 18, 2026

Venue: Garrahan Pediatric Hospital

PROFESSORS

Directors: Roberto Jaimovich, Ricardo Santos de Oliveira, Samer Elbabaa, Giuseppe Cinalli

Coordinator: Victoria Tcherbbis

ISPN Educational Chair: Artur da Cunha

International ISPN Professors:

Shlomi Constantini, Mohamed El Beltagy, Samer Elbabaa, Adrian Caceres, Deepak Gupta, John Kestle

IFNE + GLEN Professors:

Kenichi Nishiyama, Benjamin Warf, Abhaya Kulkarni, Hisayuki Murai, Monserrat Almaguer, Nelci Zanon, Artur da Cunha

Local Professors:

Graciela Zuccaro, Juan Villalonga, Javier Gonzalez Ramos, Ramiro Del Rio, Sebastian Jaimovich

PRELIMINARY PROGRAM

Theoretical Session

(10-minute presentation + 5-minute discussion)

Ventricular Module

08:00-08:00. Registration

08:00-08:15. Technique and tips for ETV beyond ideal candidates (MMC, Chiari, etc) (Kenichi Nishiyama)

08:15-08:30. Technique and tips for ETV under 1-y-o (Abhaya Kulkarni)

08:30-08:45. Technique and tips for Redo-ETV (When & How?) (Mohamed El Beltagy)

08:45-09:00. Technique and tips for complex hydrocephalus (Graciela Zuccaro)

09:00-09:15. Technique and tips for temporal arachnoid cysts (Deepak Gupta)

09:15-09:30. Technique and tips for non-temporal arachnoid cysts (Shlomi Constantini)

09:30-09:45. Technique and tips for ventricular tumor resection (Samer Elbabaa)

09:45-10:00. Technique and tips for Dry-field and hemostasis (Giuseppe Cinalli)

10:00-10:15. Endoscopic Management of Ventriculitis (Montserrat Almaguer)

10:15-10:30. Coffee Break

10:30-12:00. *Hands-on Ventricular Session*

FULL Surgical experience, with anatomical realistic simulators, OR equipment and dedicated professors.

12:00-13:00. Lunch

Port-Brain Surgery Module

13:00-13:15. Basic principles and instrumentation in PORT-Brain Surgery (Juan Villalonga)

13:15-13:30. Technique and tips for PORT in deep-seated tumors (Roberto Jaimovich)

13:30-13:45. Technique and tips for PORT in intraventricular hematomas (Ricardo Santos de Oliveira)

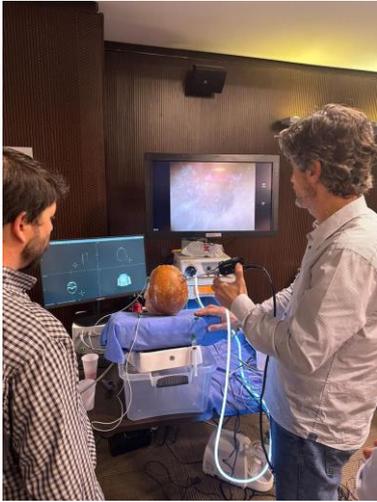

13:45-14:00. Technique and tips for PORT in parenchymal hematomas (Hisayuki Murai)

14:00-14:15. How to avoid complications in Endoscopic and PORT-Brain Surgery (Adrian Caceres)

14:15-14:30. The History of the Development of Ventricular Endoscopy (Benjamin Warf)

14:30–16:00. Hands-on Port–Brain Surgery Session

FULL Surgical experience, with anatomical realistic simulators, OR equipment and dedicated professors.

IFNE + GLEN Pre-Congress

ISPN Course

ENDOSCOPIC CRANIOFACIAL Module

How I do it: tips & tricks

Tuesday, May 19, 2026

Venue: Garrahan Pediatric Hospital

PROFESSORS:

Directors: Emilio Pelleriti, Tatiana Protzenko, Hans Delye, Federico Di Rocco

Coordinator: Guido Gromadzyn

ISPN Educational Chair: Artur da Cunha

International ISPN Professors:

Shlomi Constantini, Mohamed El Beltagy, Adrian Caceres, Deepak Gupta, Federico Di Rocco, John Kestle

IFNE + GLEN Professors:

Kenichi Nishiyama, Llewellyn Padayachy, Nelci Zanon, Artur da Cunha, Marcos Devanir

Local Professors:

Javier Gonzalez Ramos, Ramiro Del Rio, Ariel Bravo, Carolina Maldonado, Victoria Tcherbbis, Sebastian Jaimovich

PRELIMINARY PROGRAM

Theoretical Session

(15-minute presentation + 5-minute discussion)

08:00-08:20. Registration

08:20-08:40. Principles of the endoscopic technique in craniosynostosis (Emilio Pelleriti)

08:40-09:00. Indications for the endoscopic technique (Mohamed El Beltagy)

09:00-09:20. Diagnostic evaluation in craniosynostosis (Nelci Zanon)

09:20-09:40. Technique and tips for endoscopic scaphocephaly (Marcos Devanir)

09:40-10:00. Technique and tips for endoscopic anterior plagiocephaly and brachycephaly (Ariel Bravo)

10:00-10:30. Coffee Break

10:30-10:50. Technique and tips for endoscopic posterior plagiocephaly (Adrian Caceres)

10:50-11:10. Technique and tips for endoscopic trigonocephaly (Hans Delye)

11:10-11:30. Fronto-orbital advancement vs. endoscopic treatment (John Kestle)

11:30-11:50. Technique and tips for Complex craniosynostosis (Tatiana Protzenko)

11:50-12:10. Complex craniosynostosis & hydrocephalus (Federico Di Rocco)

12:10-12:30. How to avoid complications (Llewellyn Padayachy)

12:30-12:45. Case Discussion (Federico Di Rocco)

12:45-13:00. Case Discussion (Hans Delye)

13:00-13:50. Lunch

13:50-16:00. Hands-on Endoscopic Craniofacial Session

FULL Surgical experience, with anatomical realistic simulators, OR equipment and dedicated professors.
